**Mass will be
celebrated
at 9:00 a.m.**

January 22, 2017 marks the 44th anniversary of Roe vs. Wade decision. In 1973, the justices of the Supreme Court, in open disregard of prior legal tradition and overwhelming biological evidence, gave the United States the dubious distinction of having the most permissive abortion laws of any nation in the Western world. It legalized abortion on demand throughout all nine months of pregnancy in all 50 states. Since then, more than 55 million babies have been killed.

I will be walking on **Saturday, January 28, 2017** in solidarity with Pro-Life volunteers throughout the country to protest this decision. Please sponsor me to help raise money for our parish-sponsored Respect Life Office on 107th Avenue. The office provides free pregnancy tests, counseling and instruction to pregnant women. It also distributes clothing and supplies to mothers in need.
