PRO-LIFE, EVEN AT THE END OF LIFE

What are the Church's teachings on end-of-life decisions? Must we endure a great deal of pain? What if we are no longer able to make medical decisions? Join the Knights of Columbus to learn the Catholic Church's perspective on:

- When medical therapies, procedures & equipment may be withdrawn from a patient.
- Artificially provided nutrition and hydration (Persons in a Vegetative State)
- What can a person do to ensure that their wishes and religious beliefs are respected?
- Life-saving and life-prolonging procedures.
