Saint Thomas University Library

cordially invites you to:

HUGO OREZZOLI'S PORTRAITS OF CRIOLLISMO

Please join us for an opening reception
Thursday, January 24th 2019 at 11:00 a.m.

Criollismo is a set of customs and traditions specific to certain Latin American cultures. The mission of artist Hugo Orezza is to document, with the help of memories, imagination, and use of color, the characters and traditions that are slowly fading from the culture where he was raised, in Lima, Peru. The intention is to present images that characterize Criollismo, and to tell a story through each one of the paintings.
