18th & 19th

Revival 2020 “Anchored in Hope”

Four evenings of Praise and Worship, engaging prayer, unity in Christ, generous hospitality prepared by our parishes with inspiring and uplifting sermons by

Fathers Charles and Chester Smith, SVD

Identical twins, Fathers Charles and Chester Smith, SVD, say they want their journey to the priesthood from a Chicago housing project to be an example of hope for young blacks. “People look toward us as a sign of hope. People see us and see men who didn’t have the best things growing up, make some good of their lives and they say, Maybe I can do that”, said Rev. Charles Smith. The Smiths, the first black twins to become Roman Catholic priests in the United States, were ordained together April 16, 1988. They are members of the Society of the Divine Word Religious Order and the Bowman-Francis Ministry Project that serves the Black Catholic Diaspora. They work for the spiritual development and betterment of health and elevated quality of life for all people of African descent. They have traveled the world to provide hope to Youth, Young Adults and Adults, through conferences, revivals, retreats, leadership workshops, and books. **Revival services are scheduled for:**
